Subject: Request for Extension on Assignment Submission.

Dear Professor Sharma,

I hope this mail finds you in your best health. I am writing this request few more days for the AIML Assignment, which is due on 31 March 2026.

Unfortunately, I've been dealing with some unexpected health issues and a heavy academic workload, and I haven't been able to give the assignment the attention and time it deserves. I really want to submit the work that reflects my understanding and my professional skills, so I was hoping for a little extra time.

If it is any how possible, I would be grateful if you could try and extend the time period until 5 April. I assure you that I will make the best use of this given time to complete and submit the assignment without any further delays.

Thank you very much for your understanding, consideration and support.

Sincerely,

Krishna Singh

Subject: Application for Summer Internship Opportunity.

Dear Anand Kumar Sir,

I hope this mail finds you in your best health. My name is Krishna Singh, and I am currently studying Computer Science with specialization in AIML at VIT Bhopal University. I'm writing to express my interest in a summer internship opportunity at your organization.

I am looking forward to gaining practical experience and understanding how things work in a professional environment. I have a special interest in AI, and I feel that an internship with your team would be a great learning experience for me. I've long admired the work your organization does in AI, and it genuinely inspired me to reach out to you and be a part of your team.

I am hardworking, ready to learn, and willing to put in the effort to contribute fully to your organization. I would truly appreciate it if you could consider me for any internship opportunities available this summer.

I have attached my resume for your review. Please let me know if you need any additional information from my side.

Thank you for your time and consideration. I will look forward to your response.

Sincerely,

Krishna Singh.
